Thesis/Dissertation Checklist
(For Journals or Style Manuals Other Than APA)

This checklist is a summary of the Graduate School on-line **Thesis/Dissertation Preparation Guide** and **MUST NOT** be used specifically as a style manual for formatting purposes. Submit this checklist to the Graduate School with a defended and corrected copy of your document. Both the student and the major professor must check all applicable items followed for formatting purposes and each must sign at the bottom.

Which style manual was followed for formatting purposes? ADA, ASA, MLA, Chicago Style Manual,
or Kate Turabian. If a journal was used, indicate name of journal _____
and submit a sample journal article and "Instructions" for Author" (if available) with your submission.

Your thesis/dissertation will not be accepted without all required documentation and signatures. If we find that you did not follow the style manual or refereed journal indicated on this checklist, your document will be returned immediately, and you will be expected to make the appropriate changes.

Requirements set forth in the Graduate School "Preparation Guide" take precedence over requirements in the style manual or refereed journal used for formatting.
